A Better Hand

School is a hand by which we grasp and walk along beside. It is a constant hand, asking nothing of those who will have it not, but demanding much of those who will. But in its demanding it offers a fortune in return.

Is this fortune an algebra problem, or the knowledge of verbal nouns? Is it reading some "old" book, and learning how to spell? Or is it just a memory that becomes in time hard to remember what it was like to laugh in the halls and how youth felt, "way back then?" Is it the hand, if studied long enough, that shows us the right direction or what to do with the short span of time that we call life? What any other kind of purpose it might have, it is the strength that man from his first toddling steps to his last, holds to in an effort to make existence a little superior to what it had been before.

This year Caston has moved into a new home. This new home offers still a better hand, for those who wish to receive it, than has ever been before. Many more advantages will open their doors to those who search for their keys. These keys being advancement, refinement, and education.

Dedication

The Caston School District composed of Adams Township and Bethlehem Township of Cass County and Liberty Township and Wayne Township of Fulton County united for school purposes on August 2, 1959, under the jurisdiction of a school board composed of the Township Trustees.

Schools were united and curricular offerings were expanded and on January 1, 1964, The Caston School District became The Caston School Corporation under the conditions imposed by Chapter 6 of the Acts of 1959 and amended in 1961. An Interim Board served until the electorate could elect a five member board in May of 1964.

Realizing that the need for more modern facilities could better serve pupils of the corporation, patrons petitioned the newly elected school board to build a new building to house all grades Kindergarten through Twelve. On August 18, 1964, the Caston School Building Corporation was forme to provide adequate financing for such a project.

The architectural firm of Maurer, Van Ryn, and Ogden Natali was employed to design and engineer this project. O December 2, 1965, bids were taken and contracts were lat awarded to The Christman Construction Company and Pri Electric Company for construction.

On April 24, 1966, ground breaking ceremonies were he on this site with a sizeable crowd present on a rainy da Shortly thereafter, construction began.

On November 19, 1967, a formal dedication was held. Th students of Caston High School would like to thank everyor who made this structure and the facilities in it availab to them.

School Board President, Russell Johnson, presents the keys of the school to Kenneth Hattery, high school principal.

Dick Johnson, Student Body President, accepts the keys to the sho on behalf of the students.

The United States flag, which has flown over the United States Capitol building, was presented to our school from Congressman Charles A. Halleck.

Mr. Hattery gives us our daily announcements over the intercom.

This year the student body not only gained a new building, but a new principal as well. Mr. Kenneth Hattery, who has served as Caston's guidance counselor and assistant principal in the past, became the first principal to serve in our new school.

Mr. Hattery obtained a B. S. degree at Manchester College. He then received his M. A. degree in school administration and took his sixth year of college at Ball State University.

Mr. Hattery came to Caston in 1964 as guidance counselor and assistant principal. As the new principal this year he has been faced with the job of organizing and successfully operating the new school system. Along with this great task he has been faced with the problems of serving and guiding the student body.

To Mr. Hattery the students would like to give a vote of gratitude for his fine guidance and help of the 1967-68 school year.

Blue Hawaii

Dick Johnson, Junior Class President, tries his hand at being emcee by announcing Prom Royalty.

On May 5, 1967, the Seniors and faculty members we honored at the annual prom, given by the Juniors. T Prom, Blue Hawaii, was held at Culver Military Academ in Culver.

Everyone enjoyed the delicious Hawaiian meal. Followi this, the Juniors read their prophecy of the Seniors, and t Seniors read their wills.

After the meal, the dance music was provided by th "Huck Finn Combo." The dance floor was decorated wi candles and huge clams around the tables.

Fishing nets were draped on different walls, covered wi shells and Tiki masks. Palm trees were scattered about t floor.

Immediately following the dance everyone was invited the Winamac theatre to watch the movies "The Russia are Coming, The Russians are Coming" and "Kiss the Gi and Make Them Die."

The Prom, through many hours of hard work and effo was a big success. It will long be remembered by everyo who attended.

Jann Montgomery, Cindy Williams, Anita Slifer, Donna Mullins, Penny Miller, and Karen Carr served as Hawaiian hostesses.

Prom couples enjoy the last dance as midnight approaches.

The candidates anxiously await the announcement of Caston's Homecoming Queen.

Mr. Hattery gives the girls some last minute instructions.

D.A.R.

The National Society of the Daughters of the American Revolution, which was organized in 1890, was formed for the preservation of the memory of the men and women who fought for American independence, the promotion of general diffusion of knowledge, the extension of American freedom, and the fostering of patriotism.

This year Caston selected Jenny Cameron on the ba of leadership, service, dependability, and patriotism. S went on to the county to compete with other girls for t D. A. R. citizenship award.

Jenny Cameron, a 17 year old senior, is Caston's D. A. R. winner for this year. Jenny's parents are Mr. and Mrs. Lewis Cameron of Route 2, Kewanna. Jenny is a member of the Methodist Church, a varsity cheerleader, vice president of Sunshine, a member of National Honor Society, Drama Club, Chorus, and Student Council.

Jenny's future plans are to attend Indiana Central College nurses' training. Her pleasant, warm, friendly personality will h her succeed always.

Bye By

Hugo interrupts Kim's "One Last Kiss" from Conrad Birdie.

Rosie makes "the scene" at Maud's Place.

Birdie's going in the Army is the best thing he could do. Now you're free to start to do what you wanted to, Albert.

In the spring of 1967 something new was brought Caston High School. A musical comedy was presen under the stage direction of William Agle and musical direction of Cedric Berdine. "Bye Bye Bird was selected as Caston's first musical. The show volved about two stories—the romance of composer-publish agent, Albert Peterson, and his secretary, Rosie, and drafting into the Army of their great rock-and-roll st Conrad Birdie. When all of them descended on the sm town of Sweet Apple, Ohio, the complications were hilariou involved.

The view point of "Birdie" was satirical but not r licious. It gave an insight into everyday life that is v much a part of us and provided Caston with two evenings sparkling Broadway entertainment.

On the evenings of November 3-4, 1967, a project with new scope was presented by the Caston Drama Club. T drama students set up an experimental theatre in the ba room of our new Educational Center under the faculty visorship of William Agle. Three completely student rected one-act plays were presented. The theatre bill for two evenings included: George S. Kaufman's "The S Alarm" (directed by Sam Minthorn), Edward Albee's "T Sandbox" (directed by Cynthia Hizer), and Edna St. V cent Millay's "Aria Da Capo" (directed by Bob Heckathor

The basic purpose of the experimental theatre was to g students theatre experience in directing as well as acting a technical work during their high school careers. The expe mental theatre was a success, playing to sell out audien both nights.

MERRILL VAUGHAN

LEWIS CAMERON

Superintendent

The main responsibility of the superintendent's office is to carry out the policies and wishes of the school board. Until the end of 1967, our superintendent was Mr. Merrill Vaughan. He resigned to take a position at the Richland-Bean Blossom Community School Corporation, while Mr. Lewis Cameron became the acting superintendent.

Among other numerous duties of the office are: payroll; purchasing; personnel records; preparing an annual budget; recommending, hiring and discharging personnel; selecting materials and textbooks; data concerning buildings and enrollment; and providing a strong leadership for the entire school corporation.

Although the trustees developed the plans for the ne school, the work of carrying out the details of the plan wa the responsibility of the superintendents. The success of th office is evident in the smooth operation of the school.

The job of the superintendent's office did not stop, hov ever, when school opened in September. All through th school year there are small details and major troubles whic must be taken care of. This task has been successfully ca ried out by both the superintendents. Much gratitude goe to the superintendent's office for their fine work from th trustees, faculty, student body, and community.

Carl Huffman, Secretary; Omer Hauser, Assistant Secretary; Russell E. Johnson, President; Harold Showley, Vice President; Harold Price, Treasurer.

School Board

The Caston School Corporation Board of Trustees is as-gned by the state law with the authority and the re-ponsibility of making the school function smoothly.

On November 19, 1967, a challenge was administered to he Caston trustees and supervisors by the building board. This challenge was to "improve all aspects of education."

The school board accepted this challenge with this state-ment: "We accept this challenge and will strive for im-roved and expanded curriculi, qualified and capable in-tructors, and the supplies and equipment to meet these emands, all of which is primarily aimed at better and more ounded education for all students, whether college bound r preparing for immediate employment or family life.

We, in turn, challenge the student to improve them-elves educationally and to use and care for the facilities. hrough better educational background we can increase nowledge, vision, understanding, and skill to help make etter and more competent citizens."

By accepting this challenge the school trustees also accept great task and the responsibility that accompanies it. The 967-68 school year has been very successful, both in cur-cular and extra-curricular education and activities and a reat deal of praise and thanks goes to the Caston School orporation Board of Trustees. Thank you from the student ody, faculty, other administration, and community.

FRANCES ULERICK
Secretary

KENNETH HATTERY
Principal

High School

The many responsibilities of the high school principal include setting up the total curriculum; working with teachers, custodians, cooks, and other personnel; discipline; attending meetings and conferences; and creating a good image through public relations of our school. But the most enjoyable aspect is observing students grow up mentally and physically and taking on responsibilities of adults as they prepare for graduation.

JEAN KENT
Secretary

Book Store

The Caston Educational Center provides a bookstore for the convenience of students, teachers, and parents. Students may purchase paper, pencils, books, and many other items they may need during the course of a school year. Book rental and the sale of text books are also handled through the school bookstore.

All extra-curricular and cafeteria monies are received and disbursed in the office of the bookstore. Permanent records are kept of all transactions in compliance with the laws of the State Board of Accounts.

LEWIS CAMERON, Bookstore Manager

GELENE SKINNER, Secretary

Guidance

The purpose of the Guidance Department at Caston Educational Center is to help students help themselves. Counseling opportunities and service are provided to assist students better understand themselves and others. A testing program has been developed which permits students and teachers to gain information which can be used in the classroom and for future planning. Educational and vocational information is offered in groups and to individuals to aid students plan training programs and future careers. The guidance services are offered to all students in both elementary and high school.

The school health program is meant to meet the individual student's health needs, that he may learn to do his school work to his capacity.

We are interested in protecting and promoting the health of each individual student. Screening of vision and hearing are done in grades 1, 3, 5, 7, 10, and 12. Individual problems are checked, first-aid is given, and tuberculosis skin testing is done.

MARY EMERY
Secretary

Elementary

Mr. Ogden has enjoyed his new position during his first year as principal of Caston Elementary. He has had the privilege of witnessing good teacher-student relations through classroom visitation and observation. Through teachers' meetings and conferences, he has been able to improve curriculum and classroom facilities.

Although Mr. Ogden is well pleased with our elementary school, he realizes that there is always room for improvement. He is, therefore, attending monthly elementary principals' meetings and language-arts conferences so he may be better prepared to analyze and put into action the new teaching trends and ideas from which our school will benefit.

Mr. Ogden has a listening ear to all students' problems and it is his aim to try to solve their problems as well as those that come from poor attendance and behavior. He feels that it is the unusual situations that makes his job interesting and challenging as head of the elementary school.

Varsity Basketball

Miles demonstrates his game while rebounding the ball.

The varsity basketball team surprised everyone, includi themselves, by winning six games in a row at the start the season before being beaten. The going got tougher aft that, however, when the Comets encountered much strong rivals than they had played during the first part of t season. A series of injuries starting at the first of Janua also crippled the team.

It was an enjoyable year for the seniors; and mu valuable experience was gained by the underclassmen the squad, thereby insuring Caston of a competent nucleus f next year's team.

Jeff looks for someone to pass to.

Junior Varsity

Jim Dague starts another fast break.

Caston's Junior Varsity basketball team ended the season with an excellent 15-5 record. The young Comets also won their B-team tournament, which was held here for the first time. Coach Dick Lemmon did a superb job of coaching with the young Comets and after losing several players late in the season he still managed to floor a winning combination.

Baseball Build

Miles starts his journey after getting a base hit.

The Caston Comets Baseball team finished with a fi
record of 27 wins and 8 losses for the season. During t
Spring Season the Comets accounted for 10 wins and
losses.

At sectional they had an even split. A win over Pione
10 to 2 while losing 2 to 1 to Logansport.

White pitched a fine game scatteirng 6 hits. Zimplem
added a triple and Norris batted him in with a single.

During the Spring Season Harmon led the team with
.464 average, while during the Summer Season Eikenber
paced the team with a .431 batting average.

The Comets should have a fine season this year wi
9 returning lettermen.

During the summer, the Comets won the Tri-Coun
league championship.

We can't score when the "ump" calls us out, right, George.

Sunshine

Daddy Date Night was a big success.

Gayle Hall and her date enjoy their meal.

The Sunshine Society had several activities this year. In th fall, they sponsored a freshman get-acquainted party, and late freshman initiation for new S. S. S. members was held. The sponsored the Sadie Hawkins Dance in October, and sent th proceeds to the Riley Fund at the Riley Hospital in Indianapol In November, the club made Thanksgiving favors for the ho pital. They went caroling at Christmastime at the Loganspo State Hospital. Their first activity of '68 was "Daddy Da Night." In February, the organization co-sponsored the Swe hearts' Ball, gave corsages to the teachers on Valentine's Da and sponsored an all-school "Dress-Up Day." In March, th S. S. S. visited the Riley Hospital as a group, and address 3,300 Easter Seal letters for the Cass County Crippled Childre Society. In April, they elected officers for next fall and had Ideal Ladies' Banquet. To close the school year, the seni S. S. S. members were recognized at a Hawaiian luau, whe all the members learned to do the "hula."

Drama Club

"The Meaning of Christmas" was part of the Christmas Convocation presented by the Drama Club.

Janet and Ray worked many hours perfecting scenes from "The Glass Menagerie."

The Drama Club has kept themselves busy in the pa year. Last spring Caston presented its first musical, "B Bye Birdie," which was a huge success.

At the end of the school year the Drama Club selected senior who was thought to be the top drama student of t year. Miss Sharon Grable was selected for this high honor.

In the fall of '67, the Drama Club tried its hand in an e perimental theater held in the band room. Three one-a plays were selected and student directors were chosen to pr duce the plays. The first play was "The Still Alarm" direct by Sam Minthorn. Cindy Hizer was at the head of "T Sandbox." The third play was "Aria De Capo" produc by Bob Heckathorn and Gene Baker. The plays were a h success.

In the spring of this year, the Drama Club produced "T Glass Menagerie" and their second musical, "Wild Cat."

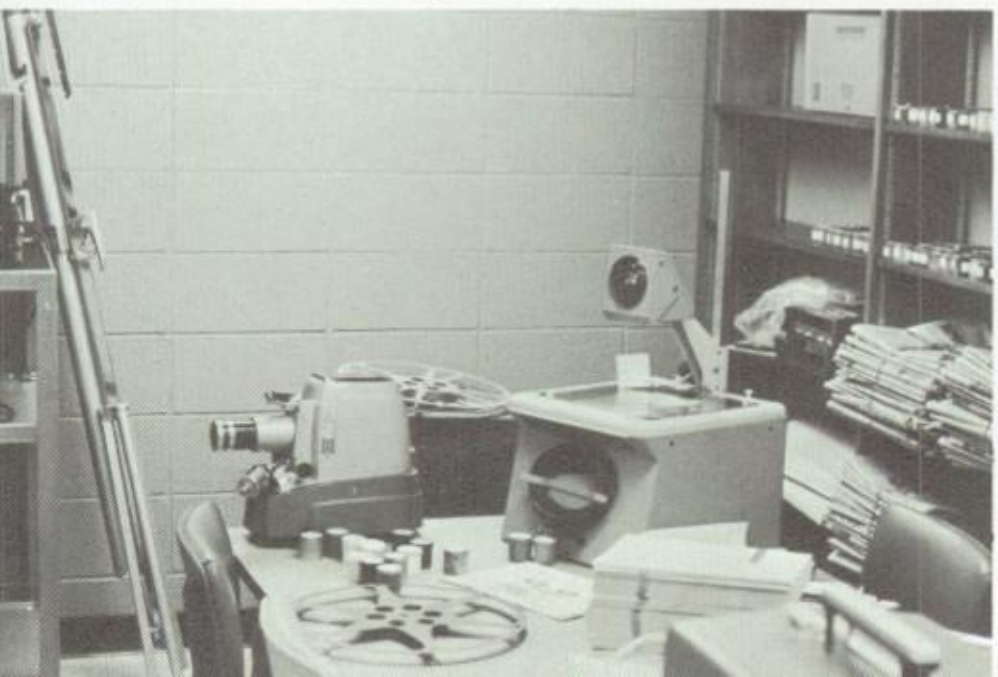
Librarians

Mrs. Dingeldein explains library procedure to Debbie Montgomery.

New audio-visual aids helped students learn new subjects.



Getting the library ready for students to use involves many time consuming steps.

Some of the steps we have begun or have finished are: ordering catalog cards for the books; putting pockets and cards in each book; making a list of every book in the library; making a card for every book and assigning the book a number; sorting the books according to their classification; filing catalog cards.

We have started a filmstrip collection which most students use and enjoy. Another project we have started is the building of a vertical file which will contain articles, pictures, pamphlets, etc.

We hope to make this library a true "instructional materials center" where students come to use our equipment and books. In the future we will have tapes and records for students to use along with our present facilities.

"Clue" is the new librarians club at Caston. The name derived from the idea that librarians give many clues to the books, etc. in the library and their location. The student librarians are very helpful in completing many of the jobs that were mentioned above.

Block

This year the student body supplied our athletes with the largest Pep Club in Caston's history. There were 192 members in the club. They not only provided the much needed support for the football and basketball teams but also helped to further school spirit and cooperation.

The Pep Club has had a very busy season this year. Members sold Christmas cards and sponsored a sock hop after a basketball game. Both were very successful.

Our sponsor this year was Mrs. Herrold.

The band provided music for all home basketball games and gave a boost to the cheer block.

Lettermen

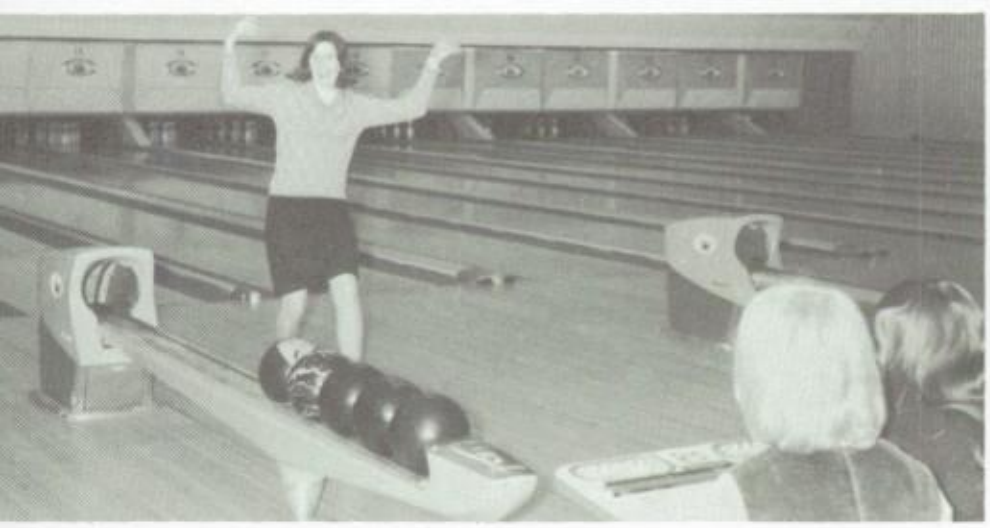
The Lettermen's Club in its second year as an organization has come a long way. One of the main features as a club is to sponsor dances after the home basketball games. With the money received, it is given to the athletic department to buy school equipment.

The members of the club have to win a varsity letter in any of the sports offered by the school. To remain in the club they have to defend the letter the following year.

We hope this club will be able to continue their contribution to the school.

G.A.A.

How do you figure that score?



EEEE-GADS—A Mark! A Mark!

The Girls' Athletic Association helps Caston girls develop sportsmanship, keep physically fit, have fun, and make new friends.

Under the guidance of Miss Roseberry, the girls participated in sports such as bowling, volleyball, dancing, roller skating, and gymnastics.

G. A. A. girls earn points by participating and receive medals for their efforts.

Do the hokey-pokey and turn yourself around.

Le Cercle Francais

Mrs. Bennett, club sponsor, told many interesting stories about France to the club.

One of the newly formed school organiza
tions is the French Club. Its purpose is t
promote interest in France and the Frenc
language. Membership is open to all student
currently enrolled in a French class.

The club started its first active year with
trip to Purdue to see the French play "Tu
caret." Other activities were a foreign food
night, co-sponsoring the Christmas dance, co
sponsoring "The Red Balloon," and visitin
the "Chez Jean," a French restaurant i
Indianapolis.

The German Club was new at Caston this year. It was sponsored by Miss Hoff. Its goal was to learn more about Germany and about the Germans themselves.

In October, the language clubs (French and German) had a "Foreign Foods Night." The members fixed foods which were "typically" French and German, and everyone got to sample each one. During the holiday season, the club co-sponsored a semi-formal Christmas Ball with the French Club. In February, the German Club sponsored a sock hop. The members also ordered pins that they could wear as a symbol of the club.

Jessica conducts one of the many interesting meetings of the German Club.

Several members of the Exodus Staff attended a conference at Ball State University last spring, to learn more about yearbook production.

Well, you have just seen the yearbook from the class o 1968. I hope you the students get as much enjoyment ou of this book as I had putting it together.

I would like to thank all the staff members for their co operation and hard work in making this book. I feel, as wel as the staff members, that we had a lot of fun working on th yearbook.

I would like to thank Mr. Burgman for taking our pictures He did this without charging us anything.

I would especially like to thank Miss Wendt. If it hadn' been for her, we would never have gotten it done. I woul also like to thank anyone else that in anyway helped make th job of putting a yearbook together a little easier.
